MONTGOMERY, ALA., January 27 .-

To-day was the third day's session of the

district grand lodge, No. 7, I. O. B. B.

A resolution was passed, constituting the general committee hereafter of five

officers and six members, regardless of

residence. A charter was granted for a new lodge at Marshall, Texas. There is

an increase of the appeal committee from five to seven. There has been offered an invitation from Dallas lodge,

Texas, to meet there next year. A mo-

tion to increase endowment to fifteen

hundred dollars was lost by a two-thirds

majority. Home of New Orleans is to

have four city representatives instead of

one. There was an appropriation of

two hundred and fifty dollars for a cen-

tennial monument-lodges to raise fur-ther subscriptions. The citizens of

Selma have invited Simon Wolf to lec-

heavy debate to reduce endowment tax-

ation to seventy-five cents. There will

be a grand ball to-night at the city hall.

The Georgia Minstrels at the Theater. "Just like the niggers we see every day!" was the exclamation of one of the immense audience that packed the Theater last night in every part. And "just like the niggers we see every day" the Georgia minstrels are. When that is said all is said that can be. No. We can say something more. They are like the niggers we see every day so far as they personate such "every-day" nig-gers, but unlike them in this, that they sing in tone, time and tune, far superior to the ordinary run of negro melodists, and therefore far beyond the reach of even the educated darkey. Luca, Little, Lucas and Devonear, are an almost perfect quartette; and Kersands, as an African humorist, is without a rival on the minstrelsy stage. Lucas and Lyle, as comedians, rank next to him, and Page dances as well, but combining all their qualities he stands alone the "star" of a troupe that in all respects is an immense improvement upon what it was when it first performed here two years ago. Regarded in any light, the Geor-gia's are an exceptional band of negro

#### RITUALISM AND ROME.

Grand Sensation in the Religious Circles of Great Britain-Ritualistic Clergymen Preparing to go Over to Rome

Memorial to Pope Pius from One Hundred Anglicans-Pusey's Purpose-Is it a Canard?

New York Telegram. London, January 24.—The Morning Post of Saturday, the twenty-second in-stant, startled religious people here by the publication of an intimation that a part of the extreme section of the English church is engaged in direct intrigue with Rome with a view of secession from the home establishment.

A RITUALISTIC MEMORIAL TO THE HOLY SEE. It is claimed by the writer in the Post that information has been gained that one hundred ritualistic clergymen of the establishment, with a congregational constituency numbering seventy-five thousand men and one hundred and fifty thousand women, have signed a memorial to the pope containing the following propositions and petition: THE PROPOSITIONS.

"That our own bishops committed ecclesis stical suicide in selecting the complete ascendency of the State over

"If these concessions are granted, the petitioners will secode from the estabished church of England and form a united Anglican church, recognizing the Roman pontiff as the supreme head." LIPTLE PROSPECT OF SUCCESS.

I have authority for stating that there is little possibility of the pope's con-senting; nor does the movement get the support of the English Catholic bishops REV. DR. PUSEY ON THE ENGLISH AND EASTERN CHURCHES,

The English theologian, Rev. Dr Pusey, writes to the London Times a lengthy letter on the subject of the efforts which are being made by the Eastern church association of Great Britain for church reunion. In conclusion he says: "The British church does not exclude from its communion either Greek or Roman Catholics. In the councils held in order to reconcile east and west they had the whole case before them. If the Greek church wish to hold out definite terms upon which it would receive to communion members of the English church, it would be time for the return thanks for the very liberal pat-ronage extended to me, and would dition will not be to give up our expression of belief in Almighty God as He is, and rend our own church in two while

seeking to increase union," A Church Sensation.

New York Herald ] A cable dispatch, which we copy from the *Evening Telegram*, gives the substance of an article published in the London Morning Post to the effect that of any bills I may owe, or receipt of the extreme ritualists are making overtures to the pope to be received into the Catholic communion, on the condition that he will grant them certain exemptions and indulgences. It is represented that one hundred clergymen, with a constituency of seventy-five thousand men and one hundred and fifty thousand

The following were in the purpose of ilege taxes exceeding one hundred dollars per annum, shall be paid quarterly. Passed first reading, and referred to ordinance committee.

On a resolution by Alderman Grant, the colnion of the city attorney was requested in reference to the right of the city to collect certain taxes from the citizen of the ninth and tenth wards. Resolution referred to a joint committee Messrs. Grant and Dant being appointed from the board. Adjourned to half-past seven o'clock to-night.

COMMON COUNCIL. The common council met in the city hall at half-past seven o'clock last night, President Williamson in the chair, and all the members answering the roll-call except Councilmen Kelly, Dougherty and Denson. The attendance of office-seekers, lobbyists and spectators was much smaller

than upon the previous sessions of the new council, yet the number present was quite large. THE SALARY ORDINANCE, as passad by the board of aldermen, was considered, and the action of that body

concurred in. The ordinance then passed its first reading.

When the section regarding the wharfmaster was presented, Councilman Otis read a proposition from some individual, claiming to have been a deputy-wharfmaster, and agreeing to be wharfmaster at five per cent. on collections. Councilman Otis said he would not read the name signed to this communication. Councilman Kelly asked if this communication was not from John Cowdon. President Williams said that the communication was out of crier, and would not be considered a part of the proceed-

ings of the council. We will here state that the communication is not signed by Mr. Cowdon, nor was it sent in by him.] Councilman Donovan, from the committee on the inspector of weights and measures, asked that further time be granted in which to make the report. Granted.

BUSINESS FROM THE OTHER BOARD. The amendment by the board of aldermen to section three of the ordinance creating the office of city treasurer was concurred in, and the ordinance passed final reading.

The report of the committee, in reference to the board of health was concurred in; also the M'Cloy ordinance relat-

ing to collection of privilege taxes. The report of the improvement committee (Aldermen Dent and Cochran), exempting Mr. Piper from all damages to a brick bridge tuilt by him, and as-cribing the damage to the heavy earth thrown against the wall by order of the city engineer, was concurred in. The other ordinances and reso utions of the board were concurred in.

Councilmen Kelly, Otis and Karr were appointed on the special joint committee, to consider the fesciution pro-viding for the collection of certain taxes. Adjourned to half-past seven o'clock
